Address: \_\_\_\_\_

City: \_\_\_\_\_ Zip: \_\_\_\_\_

Cell #: \_\_\_\_\_

Other #: \_\_\_\_\_

Email: \_\_\_\_\_

Signature: \_\_\_\_\_

Please include your donation payment with this completed form.

Make checks payable to: **ROTARY WORKS FOUNDATION,**  
**P.O. Box 1571, La Crosse, WI 54602-1571**

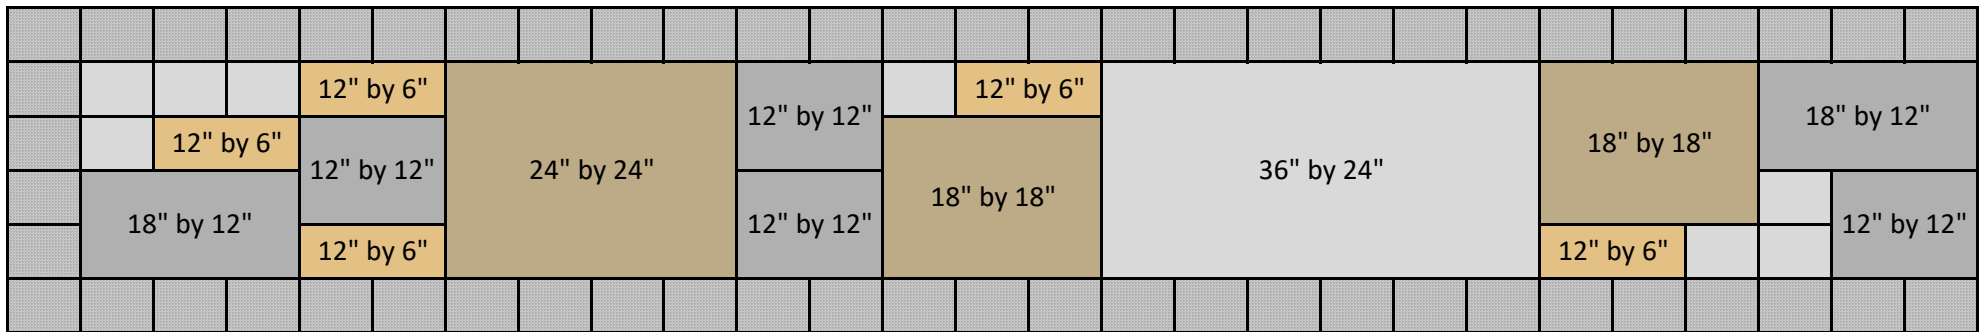

*Use the grid above for tiles 12" by 12" or smaller. Use a separate sheet for inscription designs that exceed the 14 characters / spaces or the 8 lines as shown on the grid. **A grid square is required for EACH letter, digit, punctuation mark or space.***

*Each tile can be customized for your donation. These granite tiles can memorialize or recognize an individual, family, company, group or organization. A company or organization logo can be inscribed on any tile at the \$2,000 level or above.*

Your Donation Amount	Paver / Tile Color	Inches Wide	Inches High	
\$ 50,000 or more	Sierra White	36	24	Max of 45 characters or spaces per line & a max of 18 lines. Upper & lower case letters and logos okay.
\$ 25,000	Mahogany	24	24	Max of 30 characters or spaces per line & a max of 18 lines. Upper & lower case letters and logos okay.
\$ 10,000	Mahogany	18	18	Max of 22 characters or spaces per line & a max of 14 lines. Upper & lower case letters and logos okay.
\$ 5,000	Mesabi	18	12	Max of 22 characters or spaces per line & a max of 8 lines. Upper & lower case letters and logos okay.
\$ 2,000	Mesabi	12	12	Max of 14 characters or spaces per line & a max of 8 lines (use grid). Upper case letters only. Logos okay.
\$ 1,000	Mountain Red	12	6	Maximum of 14 characters or spaces per line & a maximum of 4 lines (use grid)
\$ 500	Sierra White	6	6	Maximum of 7 characters or spaces per line & a maximum of 4 lines (use grid)
<b>✓</b>	St. Cloud Grey	6" by 6" border pavers		These pavers will not be inscribed. See other side of this form for paver layout.

Check the appropriate line above for your corresponding donation amount.

Website: [LaCrosseBandShell.org](http://LaCrosseBandShell.org)

Above is a preliminary design of what the installed paver layout could look like. The final layout design is subject to change without notification to donors and will be determined by the quantity of donations received at each of the funding levels as well as how the paver design fits within the final layout of the pavement area near the band stand and shell. Placement of individual bricks within the paver area will be final and will be at the discretion of the installer. All of this will be achieved by the Band Shell Consortium Committee in cooperation with the City of La Crosse Parks & Recreation Department and the Park Board Commissioners.

Band Shell Consortium Partners include Explore La Crosse, Rotary Lights, La Crosse Concert Band, La Crosse Jazz Orchestra, Riverfest, and La Crosse Valley View Rotary Moon Tunes.

The preferred logo artwork is Black and White Vector Art. Vector Art files should be exported from the program they were created in as an eps file. Illustrator files saved as .ai files usually import directly as well.

If Vector Art is not available then a good quality Black & White pdf or jpg image will work.

Shading or gradients cannot be done with sandblasting which may require alterations to the original artwork. **All inscriptions and logos will be centered on all tiles as best as possible.**

Consortium Volunteer Committee Members include: Terry Bauer, Greg Belfany, Candace Brown, Dave Clements, Steve & Sharon Earp, Barb Frahm, John Helm, Abbie Leithold-Gerzema, T.J. Peterslie, Tammy Plourde, Pat Stephens, Alex Vaver and project architect Roald Gundersen.

***CONTACT INFO for donations & pavers:***

Terry Bauer, 638 10th Avenue North, Onalaska, WI 54650, 792-0745, tdelbert1969@gmail.com
